Association of Chartered Certified Accountants (ACCA)

Sept 2023 – Present

ACCA Part-qualified (9/13 papers completed)

UAE

WORK EXPERIENCE

Portfolio Reporting Assistant (Investment)

July 2025 – Present

Freelance

Remote (EMEA focus)

- Automate reporting workflows, reducing reporting time by ~20% through scripting and API integrations.
- Produce IFRS-compliant portfolio valuations using Level 1 market data sourced via APIs (Alpha Vantage).
- Develop portfolio monitoring dashboards across multiple financial instruments to enhance analytical visibility.
- Strengthen month-end reporting accuracy for a European portfolio by reconciling cross-border transactions.

LEADERSHIP & EXTRACURRICULARS

Student Council Treasurer

Sept 2024 – June 2025

Bath Spa University

On Campus

- Directed allocation of AED 80,000+ in funds, achieving a 10% underspend through cross-team coordination.
- Improved transparency for senior stakeholders through monthly budget utilization and variance reporting.
- Strengthened financial governance by maintaining audit-ready records in compliance with institutional controls.
- Optimized fund allocation through forecasting, cash flow monitoring, and execution across committees.

Student Peer Tutor

Oct 2023 – Aug 2024

Bath Spa University

On Campus

- Delivered faculty-selected lectures to 100+ students by translating complex concepts into accessible language.
- Supported 80–90%+ exam performance through individualized academic tutoring across multiple modules.
- Strengthened quantitative understanding through structured problem-solving frameworks and explanations.
- Guided incoming first-year students from foundational courses through structured lessons and clear instruction.

PERSONAL PROJECTS

Micron Technology, Inc. DCF Valuation Model

May 2026 – Present

- Building a discounted cash flow (DCF) valuation model using historical unlevered free cash flow (UFCF) and scenario-based projections to assess intrinsic value and validate forecasts against future financial results.

Stock Portfolio Tracker

July 2025

- Developed a portfolio tracking tool analyzing equity allocation, performance, and risk exposure, leveraging advanced spreadsheet functions, APIs, and AI-assisted scripting to automate reporting and calculations; the tool serves as the blueprint for a bespoke portfolio monitoring solution used by a private client.
